BLU-KOTE

Effective treatment of surface wounds, abrasions, and ringworm. Antiseptic, fast-drying Blu-Kote is highly effective against pus-producing bacteria and common fungus infections. Penetrates to reduce pus formation and dries up secretions of pox-like lesions. 4 oz. dauber bottle, 4 oz. non-aerosol spray, 128 gm. aerosol spray.

DEHORNING PASTE

Quick. Safe. Economical. NO cutting, NO bleeding. Single application is all that is needed for young calves, lambs, and kids. 4 oz. jar.

HOOF 'N HEEL

Penetrates deeply to attack hoof & foot rot, fouds, and foot scald in sheep, goats, cattle, and dairy cows. No discoloration, hardening, shrinkage or brittling of the hoof. Quick response, rapid loss of lameness. Non-toxic. Won't stain wool nor hair. No residues. No withholding. 16 oz, squeeze bottle, 1 gallon jug, 26 lb. powder concentrate.

RED-KOTE

Fast, safe healing of lacerations, wire cuts, scratches, burns, and chafes. Non-drying, soothing, softening. Stimulates new, healthy skin growth and discourages scar tissue. Contains phenol for more effective healing. Great for horses. 4 oz. dauber bottle, 128 gm. aerosol spray.

UDDER BALM

Antiseptic, emollient ointment. Maintains natural skin moisture, relieves soreness. For minor cuts, bruises, chapping, skin irritation, wind and sunburn. Keeps teats and udders soft and healthy. 9 oz. tin, 36 oz. tub.

MASTITIS INDICATORS

A safe and simple cowside test for mastitic milk. Color change blotter card also reveals flakes and clots. Pkg. of 30 cards.

TEAT DILATORS

For sore, scab, injured, or hard-to-milk teats. Keeps the teat open, milking, and healing naturally. Stays put! Packed in a special lubricating ointment. 40 dilators per package.
